Chapter 1 by Unusual_Abby

Part 1

I see him through his window. Not knowing I'm there, he takes off his shirt. He fixes his hair and walks out of the room. He is eating dinner with his family. A great time to open his window and show my love for my senpai. I put pictures of me all over his walls. I give him a letter I wrote three years ago. I hear him coming up the stairs. I hide under his bed. He walks in. He sees everything and must love it because he grabs his phone to call the police. I love my senpai, and he must love me.

The police come in and ask so many questions about who might be doing this. They are making me angry. I grab my katana and wait for the perfect moment. Then that girl cop touches my senpai. I freak out and come from under my bed. She tries to shoot me but guns are weak. I cut her head off in front of my senpai. I smile and laugh. He runs away. But nothing will tear me and my senpai apart.

He didn't go to school, so I thought I might come for a visit. He has a lock on his window now. That doesn't do much. They have more windows. The front door is wide open. I thought I might come in and say hello. But my senpai was making out with another girl. I scream. I shout, " HE IS

MY SENPAI!" She will pay for touching senpai's beautiful lips. I run to her and stab her in the heart. She will no longer touch my senpai. He tries to escape and get the phone again but I grab it first and hold it. "You're mine. Remember?" I start laughing. He tries to back away but he is in a corner. I press my lips upon his and he is in a trance. Then I hear a car. I look out the

window and see his parents. "Good bye my beautiful senpai." I say and then run out of the house. He is my senpai and no one else can have him.

I pass by his house on my way to school. He sees me and starts running. If senpai wants games, he can have games. I run faster than senpai and frighten him. Oh Senpai. You so funny, Thinking you can run from me. I know no one's perfect but you are mine and you have to accept our love for each other. SO IF I CAN'T HAVE YOU, NO ONE ELSE CAN !!!! If only you didn't love me so much. I smile and take out my katana. He looks scared but it's only me. Senpai WILL love me. Or he can die. I give him his opinions. He still runs. Time for senpai to say good bye forever. It's kind of sad because we could have had ten children but he chose to be stupid and pay the price. I run to senpai smiling and stab him in his chest because I will always have his heart. Remember senpai, You are mine, And will be mine. It's so sad but, I will find a new senpai that will love me. Someone who appreciates me and will want to have ten or more children with me. A better senpai. And there's one now. **Smiles**

He is so adorable. He doesn't know who I am yet but he will sooner or later. I saw him at the mall with another girl. I saw her in the bathroom and thought I should teach her not to mess with senpai. I killed her. I made sure she felt much pain. And screamed so loud. I walk out of the bathroom and see senpai waiting for her." she won't be coming out anytime soon senpai." I say as I leave the mall. I just saved senpai from the evil monster with two heads. But there will be more demons trying to take away my senpai.

I went "home" and hid under senpai's bed, I found something under his bed. They were pictures of his senpai? Oh no. Shit just went down. I heard senpai opening his door and I came out from under his bed,"Hello!" I said. He just stared at me while I smiled creepily. He tried going for the phone. Why do senpai's always go for the phone? I took out my katana because I saw another girl. Oops. Looks like I killed his sister. Senpai screamed. I told senpai I am his senpai and no one else. He seems to understand. He looked at me with the eyes of fear. He shaking but he knows he loves me.

I tell him to follow me. No he says. Oh boy don't make me kill you like the last senpai I had. He didn't love me so he paid the price for his error. Senpai.....he was so beautiful, yet he died if he does not love me. I smile around him, but stalk him as well. He hangs out with other girls who die

Right?! Yes, I am, Of course. Senpai is scared and won't go near me but I make him. And I can make him love me!

The next day I call me yandere sister's Mizu, and Rokai. They agreed to help me get senpai. FOREVER!

They went to go talk.About how senpai isn't taking the hints that I don't want him to be with anyone else. Looks like innocent girls will die.I saw my sisters today after school,I can deal with them because they don't like MY SENPAI,they have different senpai's.I heard they got into a new school with new senpai's,I wish the best for them,but, MY senpai is all I'm worried about.I got bored because senpai moved to another school, called Tokyo High School. It's a big school full of nice people ,then I saw someone, a girl, about to meet a boy yandere. This is good yet bad. I wonder what will happen to her.

I head to school and see i don't have a desire for senpai. Why is this happening to me? Am I, Normal now? No, I can't be normal. This can't be happening to me.Then I see my sisters. They seem normal too. Is this supposed to happen?All I know is that I see a boy staring at me. He walks up to me and says," Hello, Senpai."

Part 2

I look at the stars. Neko left but I'm still here. It's midnight, and I'm not scared.I think about my mom and dad. I start to cry. My phone starts buzzing. It's Seth. I answer. "Where are you!?" He asks." I'm at the hill."I say."Are you thinking of mom and dad?" He asks. I don't answer." Well , come home soon, I made your favorite sushi." I smile and say,"Ok, I'll be there in ten minutes." I hang up. I dry my eyes. I start to walk home. I pass by Kanto. I remember how me and Seth would play football with dad. And how mom would make the best food.I frown. After mom and dad died, I haven't been the same. I frown. I have seen things I never wanted to see because they couldn't protect me from it. I have been to horrible places. I have been hurt emotionally and physically. I hear a gunshot. I start running home.I see the front door is wide open. I walk in and see Neko lying on the floor. I start crying. The one person, ONE PERSON, i have left in my family is dead. I scream. I will find who did this.And kill them, torture them, make them feel like

they are in hell.

The next day I start collecting evidence. I find out who did this. I tell them what happened and they did nothing. NOTHING. I start crying and I took a knife and threw it at his face. I got him exactly in the eye. The next day I see him. I see his gun. I smile and I shoot him four times. After I feel horrible. How could I do this? I scare myself. The next day I

start packing. After that I call Ari, **Ringling** "Hello?" She asks. "Ari, I need your help! I did something really bad and I'm scared." She is quiet for a moment. "I think I can be there at five o'clock. I'll meet you on the hill." I thank her and finish packing. At five I see Ari at the hill. I explain to her everything. She isn't scared of me. Why is she not scared? She tells me everything she has done. Wow, I'm not the only crazy one. We keep talking and agree that I should go to Royki.

I open my window. I feel the cold breeze on my face. It's 3:00 am. I slowly climb out of my window. I take out my phone and quickly call Ari. **Ringling** "Hello?" Ari asks. "Ari, I can't stay here anymore. Can you meet me in the forest?" I ask. "Sure, I'll see you in five minutes." Ari replies. I hang up. I close my window and head for the forest. I feel breathing down my neck. I turn around and see Nokia standing in front of me. "Where are you going now?" She asks. "I'm meeting Ari, Why are you here?" I ask. Nokia stares at me and says, "I'm meeting Neko, I won't tell dad if you don't." I think for a moment. "Deal." We go our separate ways and I see Ari standing there waiting for me. "What happened?" She asks. "I saw Nokia, but that's not why I called you. I'm running away to Royki and I need your help. She thinks for a minute. "What do you need?" I show her my list. She nods and gives me fifty dollars. I thank her and head off to the train station. It's 3:30 am now as I hop on the train. As the train leaves I turn around, Not looking back.

I fell asleep. I look at the time. It's 8:15 am. I leave the train and see a sign that says, "Welcome to Royki." I smile and leave the station. I pull out my list again. I need to go and find a job. I pass through a restaurant called "Cocoy." I enter and notice it's very busy. I walk up to the counter and a man asks, "How may I help you, miss?" I stare and finally say, "Is there a opening to work here?" The man checks the computer and says, "No, Sorry miss." I don't reply. I just walk out and look for another place to live. Then I see a place called, "Mizu Cafe." I walk to the counter and ask if I can have a job. The lady smiles and says, "Yes, we need someone to manage." I think to myself. Manage? I would get paid better. I smile and say, "I'll take it." She shows me my office and everything else and by the time she is done, It's 9:00 Pm. I look at my list. Now I need a place to live. I walk into a alley and see some men selling drugs. They immediately see me. I start to run. They start coming after me. I don't know this town so well. I run past the cafe and run inside.

and I are the only ones working here. But many people come in asking for jobs. I smile and leave it to Toko. At the end of the day we have seven people working here. Toko and I walk to the car but see the men selling drugs there waiting for us. Then we run for home. We make it but I'm starving to death. Toko makes sushi for the both of us. Then we head to bed. I'm so tired I forget about the drug men. I hear the sound of breaking glass. I wake up Toko and we head to the noise. It's the drug men! They know where we live and are coming for the both of us. We quickly go to Toko's grandmother's house. She lets us in and nods to what we say. She says that they won't stop until they have us so we agree to move to Mukizu and start over. I think for a moment. I'm moving again. I better tell Ari about this. After I explain what happened she said she has a brother in Mukizu and we can stay with him. Then she says she is coming with us. I smile and go to sleep. Now I won't be alone.
